

Dear & much esteemed friend

I avail myself of the kindness
of Chas S. Hovey, to say to you, that
the Glasgow & Perth Boxes with con-
tributions for the Boston Museum
were shipped by the Britannia
Steamer of the 18th from Liverpool
the Edinburgh one was also to go by the
same. The Glasgow Box was valued
at £169.1.10 - not so much as last
year but more than we had
dared to hope for considering

the state of the times - in quality
& style the articles are not behind
any former time - Several places
who were annoyed by the remonstrance
& sent things last year did not do
any thing this but promise for
another - the Perth Pop is better
this year & it is said the Edin^r
much the same as former by -
a little I am told went from
Edin^r to Rochester - in Glasgow
the subject has not been named
neither has it I believe in Perth
& we are of the same mind with
you as Mary Welsh may have

told you by this time - we were
much disappointed at not seeing
you on your arrival in England
My sister spent the month of June
in Liverpool with her husband
who was preparing to go to sea
Thought it would be a nice op-
portunity to meet you there but she
had to leave ere you arrived
but we shall look forward to that
pleasure - my brother & I have enjoyed
meeting with Mr. Hovey the care
of your welfare & that of other dear
friends of the cause - H.C. Waugh

place is not yet filled up in
our family circle no day passes
without remembrances of him -
the Liberator came in this morning
another strong letter from Henry
to Andrew - Some stumbled at the last
on the same subject in Scotland -
the Bible like the Sunday is worship
the Sunday question has been pretty
well discussed & many are changing
their minds - perhaps it may help
on the Bible question there is great need
without time to waste further I am
* that is in Welsh & your faithfully
ourselves - Catherine Peton
